Womenst 111, sect. 1: Fem.Cult.Stds: Making & Market. of Identity	MW 2-4

**** Students who aren't officially declared Mass Comm majors attempting to enroll in MC 101 should get on the waiting list and send an e-mail to sfyankee@uclink4.berkeley.edu, using a subject heading of "Mass Comm 101". They should include their student id number in the text of their message requesting to be added to this course. Very few, if any, of these students will be admitted to the class. The best chance they'll have to enroll in the course is to put themselves on the waiting list for a discussion section that is unlikely to quickly fill up (8 am or 5 pm). They should check their enrollment status for the course by calling Info-Bears (642-9400) after January 17.

Please remember to be flexible about courses with sections. If you put yourself on the wait list for a high demand (prime-time) section, you may be passed over by others (even non-majors) who have been more flexible in their choices.

We recommend using Phase I priority units if you wish to enroll in UGBA 106. You must enroll on the wait list. Non-Bus Adm. majors are not added until after the start of classes. Seniors have the best advantage.

Sadly, the Mass Communications major has nothing to do with the restrictions departments may have set for courses that they are offering. Please check with the department offering a class if you're seeking clarification about why you are unable to enroll in a

particular course.

Credit for internships is available only to officially declared Mass Comm majors with junior or senior standing.

DEADLINES: Starting February 10, all add/drops and grading option changes are done via add/drop petitions. Tele-Bears ends on February 7. The deadline to either add or drop a course or change the grading option is March 14.
