NOTES:

- This is a sample program plan. This plan assumes that the student has completed the Entry Level Writing, American History and Institutions, Quantitative Reasoning, and Foreign Language requirements prior to admission. If the student has not, the student will need to include these courses in the program plan.
- Students are strongly advised to work with an academic adviser to determine a personal program plan. Your program plan will differ depending on previous credit received, your course schedule, and available offerings.
- * Students planning to graduate in less than four years need to take Media Studies N10 during the summer after their freshman year and apply to the Media Studies major during the first application period in the fall of their sophomore year. See Requirements and Applying on the Media Studies website.
- * Students considering the Media Studies major are advised to also work in the direction of an alternate major in case their application to Media Studies is denied. See Requirements and Applying on the Media Studies website.
